~ A PalCare Network Core 2 Element ~

Family Dynamics are a continuous challenge to handle in hospice palliative care. How do you support your client without becoming part of the dynamic? This session will delve deeper into issues around loss, conflict, suffering (psychological vs. physical pain) and how a calm death will positively influence a family for the rest of their lives. This highly interactive case-based session will help you to gain practical skills for addressing difficult situations and supporting families through suffering and loss.
